To Raise \$1,000 Per Week Forty Weeks Toward New Church Building.

One thousand dollars per week for 10 weeks is the goal set for a campaign to be launched Sunday at Temple Haptist church for raising the building fund for the new church to be erected at Fellz avenue and Cooper street. By this unique plan, subscriptions will be made payable in weekly installments as the construction of the building progresses. C. J. Hunter, chairman of the finance committee and director of the building fund campaign, will present the plan to the congregation Sunday, and a large part, if not all of the amount sought is expected to a pledged during the day. The canvass will continue, however, until every member is given an opportunity to subscribe.

The \$40,000 is only a small part of the amount that the new church property, when completed, will represent. The crypt of the church has already been completed at a cost of about \$12,000, which with the new parsonage resents an investment of \$25,000, now there of debt. The committee has a found of over \$7,000 in hand, besides a loan of \$25,000, so that the undertaking represents an outlay of approximately \$100,000 within the next 12 months.

B. W. Cocke has been awarded the

mately \$190,000 within the next 12 months.

B. W. Cocke has been awarded the contract for completing the building and work is expected to start about May 1. Some of the material is now on the ground.

When finished the new Temple Baptist church will be one of the most handsome as well as the best equipped for modern church activities, of any church in this section. Glazed cream-colored brick, trimmed in Bedford stone will be used for the exterior finish. Much of the credit for remarkable progress of the church of late years, which makes such a pretentious undertaking possible, is due to the untiring efforts of Rev. J. Carl Metory who became pastor of the church when its membership was loss than 100.

A simple but sure way to increase the weight, it is asserted by several well-known physicians, is to take regularly for several months, one or two 3 grain hypo-nuclane tablets after each meal. These little tablets have the distinguished merit of increasing the red and white blood corpuscles, aiding digestion and promoting assimilation and absorption of the elements in the food which go to make blood and solid tissues. They are obtainable in sealed packages from well-stocked apothecary shops. A simple but sure way to increase the

# Have You Ever Stopped to Think What Business Owes to Christ?

Men thought Jesus a dreamer when He said: "And whosoever will be chief among you, let him be your servant."

To become great by being a servant—it rounds absurd. But is it absurd? Look at the great businesses of America. On what foundation are they built? When they bespeak the good will of the public, what do they say about themselves?

The Interchurch World Movement is the greatest co-operative church program ever undertaken. The feet of the Movement are planted on the solid ground of scientific facts. Its purpose is to encourage co-operation and discourage duplication; to make every man and every dollar do their
